

Slide & Block Storage Solutions

Block Storage, Plastic Cabinets

This 6 draw plastic filing cabinet is completely compatible with the Tissue-Tek Uni-Cassette filing system, just plug and play. Each cabinet accommodates 1500 cassettes. These stackable cabinets are a one-piece construction that eliminates hinges and doors. Each cabinet comes with 6 sturdy plastic drawers with a writing surface on the front of each drawer.

Slide Storage System, Steel

These high quality steel slide storage cabinets come in a powder coat of tan or green. Each cabinet has 6 drawers accommodating up to 5000 slides and are stackable. Start each stack with a metal base. Cabinets lock together when stacking for improved safety. Each drawer has a suspension design to prevent accidental pull out of the drawer from the cabinet frame. Dimensions of cabinet and base: 18-3/4"Lx15-3/4"Wx4-3/4"H
